

# President Elect Sweta Gupta

## 2023 - 24

Thank you all for your support and appointing me as the club president. I am truly honoured and grateful for the trust you have placed in me to lead our club.

First and foremost, I want to acknowledge the remarkable accomplishments of the previous president Ms. Janette Weeding and the incredible work done by her. Janette, you have set a high standard of excellence that we will strive to uphold and build upon in the coming year. Your dedication and passion have paved the way for the continued growth and success of our club. You have always been a true friend, a mentor and support system for me. Thank you! I would also like to thank each member of our club who are a true reflection of embracing diversity and inclusion. I am so blessed to be herewith you all.

As we embark on this new chapter together, I am filled with excitement and optimism for what lies ahead. Our club is a place where friendships are forged, ideas are exchanged, and personal growth is nurtured. It is a platform where we come together to support, inspire, and challenge one another in pursuit of our shared goals. One of my primary objectives as Club President is to foster an inclusive and welcoming environment. I believe that when diverse perspectives are celebrated and respected, we can unlock our collective potential. I encourage and request each of you to continue contributing your unique talents and experiences to enrich our club and its activities. Together, we will create an atmosphere that encourages collaboration, creativity, and continuous learning. Another crucial aspect of my role is to seek the opportunity to increase the number of members or BPW Friends. I'm open to your ideas and feedback, as we build a vibrant club together.

Furthermore, I aim to strengthen our club's connection to the community. By actively engaging with external organizations and participating in service projects, we can make a meaningful difference in the lives of others. Together, we have the power to effect positive change and leave a lasting impact on our community. In closing, I want to emphasize that this club is a

collective endeavour. Each one of us plays an integral role in our success. Our collective ideas, participation, and commitment are essential to our growth and the fulfillment of our shared vision.

I am thrilled to be serving as the Club President, and I look forward to working closely with everyone here to create a memorable and impactful year. Let us embrace this opportunity, support one another, and make the most of our time together.

Thank you once again for your trust and support. Together, we will make a difference and create lasting memories.

Being a female, I have seen the challenges coming to this part of the population are way bad. With my working experience with these three countries (USA, Australia & India) I have seen the problems with females are no less whether it is a developed or developing country - shocking. I am fortunate enough that I got strong support from my family and with that support I started my journey and today I am in a leadership role (Head Of Operations) in an MNC IT Company, with that I feel more confident that I can share my views and support the community. Seeing so many problems specially with females - I strongly support women empowerment especially **Girl Child Education**, and passionate about raising the importance and awareness of it around the globe. I feel privileged and honored to be a part of BPW, and with my association with the organization I could be able to give back to the community and work towards achieving the same goal. I am so looking forward to it with my strong belief in **Girl Child Education**, because if a girl child is educated - the whole family gets educated.
